Terms

Advertising rates are net to the publisher. Advertising space rates are guaranteed for the term of the agreement and based on the rate schedule in force at the time of the agreement. Renewals of advertising agreements will be made at the then-current published rate card. Full prepayment is required, as noted above for listings. 50% prepayment is required for coupons, with the balance due net 30. No prepayment is required for full-page ads, which will be invoiced in two equal installments: 50% due in 15 days and 50% due by 12/15/2007. If advertiser fails to make timely payment, discounts are revoked, the advertising rate reverts to the advertising rate card, and the balance for all advertising becomes due and payable in full.
